## Brilliant Pixels: Tackling Your Digital Photo Overload

This is Part One of a two-part series. It's easy to feel overwhelmed by the thousands of photos we accumulate on our phones and computers—especially when you want to record every cute thing your kids do! The cause is simple math: parent + smartphone = taking pictures of your kids—constantly. **Isabelle Dervaux**, photo curator and organizer, will share her three most powerful secrets to tackling the photo clutter on your iPhone and Mac. You'll learn to: find photos like magic; the quickest way to make albums; make pain-free decisions about what to keep and what to let go; use the one shortcut that changes everything. Coop member Dervaux uses her artist's eye and sensibility to help busy New Yorkers tell their family stories; empowering them to organize, rediscover, and curate their photo collections so they can be passed on to the next generation.

## Safe Food Committee Film Night: One Man, One Cow, One Planet

*One Man, One Cow, One Planet* exposes globalization and the mantra of infinite growth in a finite world for what it really is: an environmental and human disaster. But across India, marginal farmers are fighting back. By reviving biodynamics, an arcane form of agriculture,

they are saving their poisoned lands and exposing the bio-colonialism of multinational corporations. *One Man, One Cow, One Planet* tells their story through the teachings of an elderly New Zealander many are calling the new Gandhi.
